OBJECTIVE

Mohamad Ikhsan Nurulloh is a data professional with six years of experience across Business Intelligence, Data Science, Analytics, Machine Learning, and Cloud Engineering. He builds scalable data solutions, develops user-friendly dashboards, and ensures data quality through strong expertise in SQL, ETL processes, and data warehousing. With a solid understanding of business strategy, he delivers actionable insights and predictive solutions to support informed decision-making. He is experienced in using GCP, AWS, and Azure to implement efficient and scalable cloud-based data platforms.

CORE COMPETENCIES
